PURPOSE/OBJECTIVE

How can Free Clinics
effectively address the health
needs of the growing numbers
who seek care from us?

FCGLR 2009 is designed to
address this question for
doctors, nurses, social workers,
board members and
other volunteers.

FCGLR 2009 will provide new
tools and new ways of thinking
about care delivery in a free clinic.
Topics include clinical updates,
technology, volunteer management,
and fundraising. Lots of opportunities
to network with your peers.
